Past-President's Report

Katrina Brown

June 2022

- Approached October Dunford, manager at Lincoln County Library, to serve as Financial Auditing Advisor. October agreed to serve.
- Created a spreadsheet to track recent contacts for WLA positions. My hope is tracking contacts will help us in securing volunteers and nominees for WLA. With the record of past contact, we can go back to people who declined an earlier nomination. We will also be encourage to look beyond the names that come readily to mind because they are already volunteers. I believe that more people will agree to serve if they are asked individually. The document will not be widely shared.
