

WLA
President's Report
Conrrado Saldivar
June 2022

- Program Planning Subcommittee received 46 program proposals. Our deadline to select programs and inform submitters is still July 15th. Keynotes are in progress, as is preconference planning.
- Sent MPH our 2021 tax information. Thank you, Kristin Evans and Amigos, for getting our documents so fast!
- Updating our signers with the banks is taking more effort than expected. Information I received over the phone wasn't the same as what I was told when I went in. I have another appointment with Bank of the West on June 17th. US Bank said we don't have an account with them. I have more information after talking with Kristin and will make another appointment with them.
- Appointed October Dunford from the Lincoln County Library to serve as Financial Auditing Advisor (Thank you, Katrina Brown, for recruiting her!). Jessica Otto from the State Library also volunteered (Thanks, Jamie Markus!). October and Jessica, along with Chelsie Troutman as Secretary-Treasurer, will fill out the Committee.
- Abby Beaver set up a listserv for the Programming Interest Group at \$54/year with a \$10 initial setup fee. I've passed the information to Amelia Gilbert, and Abby manually added members to the list.
- Joined the State Intellectual Freedom Network from ALA's Office of Intellectual Freedom. (Thanks, Kristin, for forwarding this!) Attended a meeting on June 9th and gave an overview of Wyoming issues. There's lots of legislation moving in various states that would affect libraries.
- Met with Melissa Brumstead Snider from SLIG to talk about their need for more members or more engaged members. Brainstormed a couple ideas for more engagement.
