

MPLA Representative Report to WLA
Thursday, February 8, 2007
Cheyenne, WY

The MPLA Executive Board met via conference call on January 17, 2007.

Items discussed:

- Sharon Osenga, MPLA President, is working on details of the literary Ireland tour.
- Electronic communities are not working. A task force has been established to list other options to make these communities function better, outlining costs involved with these options. Sharon Osenga will ask for an interim report in March, with the final report due for the summer board meeting.
- The free membership drawing form will be revised. It will indicate that the drawing is for new members only and will clarify information that was definitely missing.

The next MPLA Executive Board meeting will be March 14, 2007 in Albuquerque, NM.

Don't forget that the NMLA/MPLA Conference is coming up March 14-16 in Albuquerque, NM.

Respectfully submitted,
Richard Landreth
