

Wyoming Representative to MPLA

October Report 2020

MPLA has been conducting some Zoom meetings for folks to get together and discuss issues. Jake Rundell led the last one and it was structured with questions for the group.

They are calling them Chat and Chew, are held at noon so everyone can eat lunch and are not required to attend.

MPLA will not be having a conference this fall.

Not having a conference affects the bottom line.

I have shared membership lists between the two organizations for solicitation for both groups. Membership seem to be declining everywhere.

WLA

Shared membership with Kate.

Volunteered for the Diversity Committee.

Our library went for the whole library attendance option for WLA conference.

Douglas is hoping for the Director's Retreat.

Will pass on information to Katrina Brown for displays at conferences for MPLA.

Respectfully,

Cindy Moore
